

£2 Million Investment for City Centre Landmark
06/09/2007

Lancaster is to receive a huge £2 million investment in the form of a brand new bar, hotel and dining experience in the heart of the city centre.

Penny Street Bridge, based at the junction of Penny Street and Aldcliffe Road, overlooks the canal and is a brand new experience for Lancaster.

The full renovation of the site is currently underway and will involve the creation of a contemporary bar and dining room, outdoor cobbled courtyard with seating and 28 stylish en suite bedrooms.

Penny Street Bridge will offer fine wines and cask ales including a range of Thwaites beers. Care will be taken to use local produce and seasonal ingredients and for the overnight guest, a comfortable stay with a fresh, continental breakfast, all in a modern, friendly and professional environment.

John Barlow, (Barlows UK Ltd) said: "No two projects are ever the same, but Penny Street Bridge is of particular interest because of their specific requirements and involves a multitude of disciplines. We won the contract thanks to a combination of expertise, reputation and cost."

Richard Ball, Customer Marketing Manager of owner and regional brewer Daniel Thwaites, commented, "Penny Street Bridge is a real landmark for Thwaites, we're very excited about the new project and the scale of this investment in Lancaster."

Thwaites Area Manager Simon Taylor added, "This development ties in with our 200 year anniversary. We are aiming to be open for business in late November 2007 and will be taking online accommodation bookings from September."
